

What is Relativity?

Relativity is a software platform that helps corporations, law firms and government agencies organize data, discover the truth, and act on it. No matter the size of the case, Relativity uses advanced analytics and search features to find the documents that will really make a difference. More than 150,000 users around the world choose the software to meet their data challenges.

We're a fast-growing, global company headquartered in Chicago. We're frequently recognized as one of the city's best places to work, with annual appearances on the Chicago Tribune's Top 100 Workplaces list. We strive to build great software and a great work culture, where team members have fun, take on challenging work, and learn and grow every day.

"I learned a lot about the architecture, technical tools, and work culture during my internship here at Relativity. There were always plenty of tasks to pick up and everyone was friendly and willing to help out whenever someone got stuck. There was definitely a culture of investment in the quality of the company."

—FLORA, SUMMER 2017

"I enjoy every day of work at the office and have made many friends through the internship program's various events. The experience gained from this internship will, no doubt, help me develop my career for years to come."

—JAY, SUMMER 2017

"This internship program has been an experience that has exceeded all my expectations, from fun events and great food to the workplace atmosphere and the work the interns get to do. I have been placed on a great team where I get to work with the code base, and everyone is always willing to take time out of their day to help me out or answer a few questions. Both my team and the company have taught me so much that I will be able to use in school and down the road in my career."

—MELISSA, SUMMER 2017

"Good food, good people, and a lot to learn, Relativity is the place to be."

—SIMAR, SUMMER 2017

Internships

Organize. Discover. Act.

Why Intern at Relativity?

Our exciting summer internship program gives students real world experience in several fields. This is your chance to jump in with a global technology company as we solve real problems. Oh, and you get paid too.

Benefits of our internships include: competitive pay, housing stipends or transit reimbursement, fun company and social events, rooftop lounge and Zen room, discounted gym memberships, free food and drink, and more.

#RelativityInterns

Internship Opportunities

As a Relativity intern, you'll take on real-world assignments to gain work experience that's tailored to you. Each intern is assigned a mentor to ensure you get the most out of your internship. Through our summer intern activities, you'll become acquainted with all aspects of our business. Specific intern roles may vary based on the needs of the business. Some roles we frequently hire for are: software engineer, finance and accounting, human resources and marketing.

How to Apply

We recruit interns in the fall for the following summer. The first step is to apply online to the intern position that best suits your skills and interests. All our available intern opportunities can be found on our career website. Email recruiting@relativity.com if you have any questions.
